## **BOMBSHELL: FDA Allows Whistleblower Testimony that COVID-19 Vaccines Are Killing and Harming People!**

Posted By *Brian-Admin* On September 18, 2021 @ 4:24 pm In [Headline](#), [Medicine Watch](#) | [No Comments](#)

---

### **Pfizer COVID-19 Vaccine Data**

- \* More people dying from shots than COVID
- \* 71 times more suffering heart attacks
- \* 1000% increase in adverse events
- \* Vaccine Hesitant smarter than doctors

## **Pfizer COVID-19 Vaccine Data**

- \* More people dying from shots than COVID
- \* 71 times more suffering heart attacks
- \* 1000% increase in adverse events
- \* Vaccine Hesitant smarter than doctors

by **Brian Shilhavy**  
**Editor, Health Impact News**

The FDA held a Vaccine Advisory Committee meeting yesterday (September 17, 2021) to discuss authorizing a third Pfizer COVID-19 “booster shot.”

There were signs heading into the meeting this week that there could be some fireworks at this hearing, as two top vaccine research scientists at the FDA, Dr. Marion Gruber and Dr. Phillip Kause, the Director and Deputy Director of the Office of Vaccines Research, recently resigned.

This followed a report published in The Lancet <sup>[1]</sup> from 18 officials at the FDA opposing the Biden Administration’s plan to start distributing Pfizer “booster shots” later this month (September, 2021) *before* the FDA had even approved them.

To say that there were fireworks at the Vaccine Advisory Committee meeting yesterday might be a gross understatement. The 18 member committee voted 16 to 2 AGAINST approving the booster shots, although later they did give their endorsement on approving them for people 65 and older.

During the “open session” part of the meeting, dissenting doctors questioning the Pfizer shots were given a chance to address the public with their concerns, and they presented to the public REAL data about the shots that up until now has been heavily censored.

Dr. Joseph Fraiman, an emergency room physician from New Orleans who did his studies at Cornell Medical School, stated that there are no trials large enough yet to prove that the COVID-19 vaccines reduce hospitalization without causing serious harm.

He lamented the fact that the “vaccine hesitant” coming into his emergency room were more educated on the risks of the COVID-19 vaccine than those vaccinated.

I know many think that vaccine hesitants are dumb, or just misinformed. That’s not at all what I’ve seen.

In fact typically, independent of education level, the vaccine hesitant I’ve met in the ER are more familiar with vaccine studies, and more aware of their own COVID risks than the vaccinated.

For example, many of my nurses have refused the vaccine despite seeing COVID-19 cause more death and devastation than most people have.

I ask them why refuse the vaccine?

They tell me while they’ve seen the first hand dangers of COVID, the elderly, the obese, diabetics; they think their risk is low.

They’re not wrong. A 30-year-old female has about a 1 in 7000 chance of catching COVID and being hospitalized over it.

He pointed out that a recent study showed that the risk of vaccine-induced Myocarditis (heart disease) in young males is higher than their risk from hospitalization from COVID.

He called for larger studies to be conducted.

We the medical establishment cannot confidently call out anti-COVID-19 activists who publicly claim the vaccines harm more than they save, especially in the young and healthy, the fact that we do not have the clinical evidence to say these activists are wrong, **should terrify us all.**

Steve Kirsch, the Executive Director of the COVID-19 Early Treatment Fund, also gave testimony, and he began his comments with:

I am going to focus my remarks today with the elephant in the room that nobody likes to talk about, that the vaccines kill more people than they save.

He presented data to prove that the belief that these vaccines are "safe" simply isn't true. He gives several facts to show this, most all of which we have previously covered here at *Health Impact News*.

For example, people have 71 times more risk of heart attack following COVID-19 vaccines than any other vaccine.

Kirsch claims that expert analysis of existing data, including the 6-month Pfizer trials and VAERS data, prove that the shots kill more people than they allegedly save.

About 411 deaths per million doses. That translates into about 150,000 people have died (from the Pfizer shots).

He then presented some data from the Israel Ministry of Health.

The real numbers confirm that we kill more than we save. And I would love to look at the Israel ministry of health data on the 90+ year olds where we went from a 94.4% vaccinated group to 82.9% vaccinated in the last 4 months.

In the most optimistic scenario it means that 50% of the vaccinated people died and 0% of unvaccinated people died. Unless you can explain that to the public you cannot approve the boosters.

Dr. Jessica Rose, PhD, MSc, BSc, whom we have featured previously <sup>[2]</sup> here on *Health Impact News* and has done extensive studies on the VAERS data, also gave a presentation where she showed that we have had a 1000% percent increase in adverse events following COVID vaccines, as compared to all previous vaccines in prior years, something we have covered extensively here at *Health Impact News*.

Listen to the presentations of these three doctors. This is from our Bitchute channel <sup>[3]</sup>, and it is also on our Rumble channel <sup>[4]</sup>.

## **Will the FDA and Biden Administration Approve the 3rd Pfizer COVID-19 “Booster shots”?**

It is important to understand that this was an “Advisory” committee meeting, and they do not set policy. The FDA could still approve the 3rd Pfizer COVID-19 shot against the recommendation of the Advisory Committee.

Also, these three doctors who shared the truth about the data are not part of that committee, but testified during the “open comments” section of the meeting.

But the fact that the FDA allowed their comments is very significant, as they are now in the public record.

There is obviously some infighting going on at the FDA regarding the Pfizer COVID-19 shots. What could be the reasons for this?

I see two potential reasons why this could be happening.

First, this could be a “drug war,” where Pfizer’s competitors are upset that Pfizer is getting so much of the market share on the COVID-19 vaccines, and they are applying pressure through their contacts at the FDA to start discrediting Pfizer and slow down their rapid race to dominate this market.

Or, secondly, people are starting to abandon ship on the Biden Administration as the current COVID-19 vaccine narrative is now falling apart very quickly, as hundreds of thousands of people are now screaming to have their voices heard regarding their negative experiences with the COVID-19 shots, and the FDA and others are trying to cover their butts in the event that there is a regime change and people start getting arrested for crimes against humanity.

I hope for the second scenario, but fear it is probably the first one.

If the Biden Administration and their handlers on Wall Street believe they are still firmly in control of this mass vaccination campaign that is really an act of genocide and crimes against humanity, then they will just go ahead and approve Pfizer’s third shot anyway, without the approval of this committee.

They will basically tell the American people and their business rivals that they know we are on to them, and that they don’t care because they believe that nobody is going to do anything to stop them.

We know what side the corporate media is on, as they continue to publish the lies that the unvaccinated are filling up hospitals and responsible for spreading COVID-19 variants, and of course they gave no press coverage to the dissenting doctors who testified at the Committee meeting yesterday (at least I did not find anything after doing a corporate media news search.)

Will America do what is necessary to fight these medical tyrants, who are the minority and could be easily overpowered if enough people resisted, or will the nation continue to stand aside and let

them press on with their mass eugenics program to reduce the world's population?

This is most certainly a turning point in human history, not just for the United States, but for the entire world.
