## THE VACCINE DEATH REPORT – Millions Have Died From The Injections

### THE VACCINE DEATH REPORT

The purpose of this report is to document how all over the world millions of people have died, and hundreds of millions of serious adverse events have occurred, after injections with the experimental mRNA gene therapy.

We also reveal the real risk of an unprecedented genocide.

#### FACTS

Our aim is to only present solid facts, and stay away from unfounded claims. The data is clear a Promoted X

Networks of lawyers all over the world are preparing class action lawsuits to prosecute all who are serving this criminal agenda. Hundreds of millions of people worldwide are rising up against this criminal operation. To all who have been complicit so far, we say: There is still time to turn and choose the side of truth. Please make the right choice.

## WORLDWIDE

Although this report focuses on the situation in the United States, it also applies to the rest of the world, as the same type of experimental injections with similar death rates – and comparable systems of corruption to hide these numbers – are used worldwide. Therefore we encourage everyone around the world to share this report. May it be a wake up call for all of humanity.

## AT LEAST 5 TIMES MORE DEATHS

### VACCINE DEATHS ARE SEVERELY UNDERREPORTED

VAERS data from the American CDC shows that as of August 26, 2021 already half a million people suffered severe side effects, including stroke, heart failure, blood clots, brain disorders, convulsions, seizures, inflammations of brain & spinal cord, life threatening allergic reactions, autoimmune diseases, arthritis, miscarriage, infertility, rapid-onset muscle weakness, deafness, blindness, narcolepsy and cataplexy.

Besides the astronomical number of severe side effects, the CDC reports that approx. 16,000 people died as a result of receiving the experimental injections. However, according to a CDC whistleblower who signed a sworn affidavit, the actual number of deaths is at least five times higher. This is what the CDC healthcare fraud detection expert Jane Doe officially stated in a sworn affidavit:1

*'I have, over the last 25 years, developed over 100 distinct healthcare fraud detection algorithms, both in the public and private sector. (...) When the COVID-19 vaccine clearly became associated with patient death and harm, I was inclined to investigate the matter. It is my professional estimate that VAERS (the Vaccine Adverse Event Reporting System) database, while extremely useful, is under-reported by a conservative factor of at least 5 (...) and have assessed that the deaths occurring within 3 days of vaccination are higher than those reported in VAERS by a factor of at least 5.'*

The CDC is also vastly underreporting other adverse events, like severe allergic reactions (anaphylaxis)

*'What the analysis of all the case numbers is telling us right now is that there's approximately 150,000 cases that are missing, that were there, that are no longer there. The question is, are they all deaths?'*<sup>4</sup>

How criminal the CDC is, was also revealed a few years ago, when researchers investigated the link between vaccines and autism. They found that there indeed is a direct connection. So what did the CDC do?

All the researchers came together and a large dustbin was placed in the middle of the room. In it they threw all the documents that showed the link between autism and vaccinations. Thus, the evidence was destroyed.

Subsequently, a so-called 'scientific' article was published in Pediatric, stating that vaccinations do not cause autism. However, a leading scientist within the CDC, William Thompson, exposed this crime. He publicly admitted:

*'I was involved in misleading millions of people about the possible negative side effects of vaccines. We lied about the scientific findings.'*<sup>5</sup>

Maybe the worst example of criminal methodology used to hide vaccine deaths is the incredible fact that the CDC doesn't consider a person vaccinated until two weeks after the injection.

Therefore everyone who dies within the first two weeks after being injected, is not considered a vaccine death, further skewing the data.<sup>6,7</sup>

### MODERNA: 300,000 ADVERSE EVENTS

### HUNDREDS OF THOUSANDS IN THREE MONTHS TIME

A whistleblower from Moderna made a screenshot of an internal company notice labeled "Confidential - For internal distribution only", showing there were 300,000 adverse events reported in only three months time." This is a quote from this confidential notice:

'This enabled the team to effectively manage approximately 300,000 adverse event reports and 30,000 medical information requests in a three month span to support the global launch of their COVID-19 vaccine.'

The famous Lazarus report from Harvard Pilgrim Health Care inc. in 2009 revealed that in general only 1% of adverse events from vaccines is being reported:

*'Adverse events from drugs and vaccines are common, but underreported. Although 25% of ambulatory patients experience an adverse drug event, less than 0.3% of all adverse drug events and 1-13% of serious events are reported to the Food and Drug Administration (FDA). Likewise, fewer than 1% of vaccine adverse events are reported.'*

### LESS THAN 1% IS BEING REPORTED

### STUDY SHOWS REAL NUMBER OF ADVERSE EVENTS IS 100X HIGHER

All this information already shows us that the number of adverse events and deaths is a multitude of what is being told to the public. The situation is however still far worse, than most of us can even imagine.

The famous Lazarus report from Harvard Pilgrim Health Care inc. in 2009 revealed that in general only 1% of adverse events from vaccines is being reported:

'Adverse events from drugs and vaccines are common, but underreported. Although 25% of ambulatory patients experience an adverse drug event, less than 0.3% of all adverse drug events and 1-13% of serious events are reported to the Food and Drug Administration (FDA). Likewise, fewer than 1% of vaccine adverse events are reported.'

### REASONS FOR UNDERREPORTING

#### THE POPULATION IS UNAWARE AND MISINFORMED

The reason that less than 1% of adverse events is reported, is first of all because the vast majority of the population is not aware of the existence of official reporting systems for vaccine adverse events.

Secondly, the pharmaceutical industry has been waging an unrelenting media war the past decades against all medical experts, who attempted to inform the public about the dangers of vaccines.

One deployed strategy is name calling and the negative label 'anti-vaxxer' was chosen to shame

undeniable fact that children (and people of all ages, for that matter) are far more ill today than ever before in history, while at the same time they are the most vaccinated population in all of history, is flatly denied.

The widespread propaganda by the vaccine companies, who use government agencies as their main carousel, simply told humanity for decades that adverse events are a very rare occurrence.

When vaccinated people therefore suffer from serious adverse events, it doesn't even occur to them that this could be from previous injections, and therefore don't report it as such.

During the current world crisis the attacks on medical experts who are warning about vaccines, have gone to an even higher level. Medical experts are now being completely deplatformed from all social media, their websites are deranked by Google, entire YouTube channels are deleted, many have lost their jobs, and in some countries medical experts have been arrested, in an attempt to suppress the truth about the experimental covid injections.

**Scientists who speak out against vaccines are even labeled 'domestic terrorists'. All means are deployed by the criminal vaccine cartel to suppress the truth.**

As a result countless medical professionals are afraid to report adverse events, which further contributes to the underreporting of these side effects. Additionally, the amount of scientific information warning for these dangerous biological agents, and the number of medical experts warning humanity, is so overwhelming and almost omnipresent – despite the aggressive attempts to silence them – that it is virtually impossible for any medical professional to not be at least somewhat aware of the risk they are taking, by administering an untested DNA altering injection, without even informing their patients of what is being injected into their body.

If they then see their patients suffer or die, they are naturally afraid of being held accountable, so they refuse to report it.

Lastly: many medical professionals receive financial incentives to promote the vaccines. In the United Kingdom for example nurses get £10 per needle they put into a child. That again is a reason for them to not report adverse events.

They see large numbers of patients come in with serious adverse reactions, like heart failure, and they notice how the authorities of their hospitals are ~~not~~ reporting any of these vaccine injuries. Dr. Maria Gonzalez, ER doctor from the U.S. Dept. of Health and Human Services, expresses her outrage about this in the Phoenix Indian Medical Center.

She discusses with a colleague how a patient was vaccinated and as a result got heart failure:

*'They're not going to blame the vaccine. But he has an obligation to report that, doesn't he? They are not reporting!' - 'Right!' - 'Because they want to shove it under the mat. The government doesn't want to show that the vaccine is full of shit.'*

In an interview with James O'Keefe from Project Veritas, the nurse Jodi O'Malley testifies:

*'I've seen dozens of people come in with adverse reactions.'*

She adds that none of these are being reported. When asked if she isn't afraid for repercussions for speaking the truth, she answers:

*'I am not afraid, because my faith is in God. This is evil at the highest level.'*

The video also shows nurse Jodi talking to a doctor, who is desperate to break the silence:

*'It is bullshit. I am about tired of it. So what we're going to have to do, cause we're on the inside... I've been thinking about it.' - 'And, what do we do?' - 'I don't know, but there's so much I want to blow up.' - 'So much. How do we do that?' - 'You know Project Veritas?'*

There are thousands of doctors and nurses like this, whose hearts are burning to speak out, but who are afraid. A local ABC News Station posted a request on Facebook for people to share their stories of unvaccinated loved ones that died. They wanted to make a news story on this. What happened was totally unexpected. In five days time over 250,000 people posted comments, but not about unvaccinated beloved ones. All the comments talk about vaccinated loved ones that died shortly after being injected, or that are disabled for life. The 250,000 comments reveal a shocking deathwave among the population, and the heartwrenching suffering these injections are causing. The post was already shared 200,000 times, and counting...

Notice in the last comment how the lady says that everybody in the hospital is afraid to report this as a vaccine reaction, and another person says 'the doctors can't report it'. That is proof of what I explained earlier: Most medical professionals are terrified to report adverse events, which causes the true prevalence of vaccine injuries to remain hidden from the world.

The 250,000+ comments show that once people find a safe place to report their suffering caused by the injections, we see a tsunami... This is only one single Facebook post, that is getting no media attention whatsoever. What would we see if this was announced on the news, and everyone was allowed to report their stories?

- CDC fraud expert says that number of deaths is at least five times higher 150,000 reports have been rejected or scrubbed by the VAERS system.
- The actual number of anaphylaxis is 50 to 120 times higher than claimed by the CDC
- Vaccinated people who die within two weeks, are not listed as vaccine deaths
- Moderna received over 300,000 reports of adverse events in only three months-time
- The Lazarus Report shows that only 1% of adverse events is being reported by the public
- The majority of the population is not aware of the existence of systems where they can report vaccine adverse events
- Aggressive censorship and propaganda told the public that adverse events are rare, causing people to not understand how their health problems stem from past injections
- The shaming and blaming of medical professionals who say anything against the vaccines, cause many in the medical community to avoid reporting adverse events
- The fear of being held accountable after administering an injection that killed or disabled patients, further prevents medical personnel from reporting it
- Having accepted financial incentives to promote, and administer the covid vaccines, also stops medical personnel from reporting adverse events
- Profit driven vaccine manufacturers have every reason not to report the destruction their untested experimental products are causing 250,000+ Facebook users comment about vaccine deaths and serious injuries
- Nurses and doctors testify how their hospitals are hiding vaccine injuries.

**A TSUNAMI OF DESTRUCTION**

This data leads us to the inevitable conclusion that the number of vaccine adverse events is many times higher than the official reports admit. If indeed less than 1% is even being reported to the CDC, the already high number of 450,000 adverse events can easily be many millions in the USA alone. Applying that to the rest of the world reveals a horrifying wave of destruction the likes of which humanity has never witnessed before. And the immunizations only just started. What is even more concerning, is that this is only the short term tsunami of suffering caused by the covid injections. Bill Gates, the world's leading vaccine dealer and a major driving force behind this worldwide push for covid vaccinations, said in an interview with the BBC that most adverse events only show up after two years, which is why vaccine development usually takes many years. This means that the waves of death and disabilities in the coming years

This alarming data leads world experts, like the Nobel Prize Winner in Medicine, Dr. Luc Montagnier, to issue a grave warning that we are currently facing the greatest risk of worldwide genocide, in the history of humanity. Even the inventor of the mRNA technology, Dr. Robert Malone, warns against these injections that are using his technology.

The situation is so severe that former Pfizer vice president and chief scientist Dr. Mike Yeadon came forward to warn humanity for these extremely dangerous injections. One of his best known videos is titled 'A Final Warning'.

Another world renown scientist, Geert Vanden Bossche, former Head of Vaccine Development Office in Germany, and Chief Scientific Officer at Univac, also risks his name and career, by bravely speaking out against administration of the covid shots. The vaccine developer warns that the injections can compromise the immunity of the vaccinated, making them vulnerable for every new variant.

WWII holocaust survivors wrote to the European Medicines Agency demanding the injections to be stopped, which they consider to be a new holocaust.

As Greta might say, "This is all wrong". The long term risks, including deaths, should have been assessed in the vaccine trials before governments imposed mass vaccination on everybody with an experimental vaccine.

Overburdened health authorities are trying to contain the pandemic through early interventions that protect the vulnerable regions of the human respiratory tract: the oral and nasal cavities. These regions are home to millions of viral particles that can be transmitted long-range through aerosolized droplets, increasing the risk of infection to caretakers and other highly exposed groups, like frontline workers. Since early 2020, there have been diverse clinical studies in repurposed antivirals, which can act as an adjunct to vaccination.

The Achilles Heel of Coronavirus, is while it is still in the developing stage as Coronavirus/Covid in the warm, wet areas inside the nasal passages of your head (nose) and before it gets to become Covid in your head and lungs, 10 to 14 days later. If Coronavirus is not treated with my free iodine salt clean water cure to flush out your nasal passages, as soon as possible, or during self isolation, it becomes Covid, which is where the money is. You cannot catch Covid! Always breathe through your nose and keep your mouth shut, because you really don't want the Coronavirus to seed itself in your lungs!! My free salt water cure has "absolutely nothing" to do with mRNA test vaccines. Treating Coronavirus with my free iodine salt clean water cure, flushes out the nasal cavity and kills Coronavirus, before it gets to be Covid, irrespective of if you have had mRNA vaccines or not. Mix one heaped teaspoon of iodine salt in a mug of warm or cold clean water, cup a hand and pour some of the solution in, then sniff or snort that mugful up into your nose, spitting out everything which comes down into your mouth, by so doing, you flush out your nasal cavity, where Coronavirus lives. If you get a burning sensation (which lasts for 2-3 minutes) then you have a Coronavirus infection. When the soreness goes away, blow out your head with toilet paper and flush away, washing your hands afterwards and continue doing my salt clean water nasal cavity flush cure, morning, noon and night, or more often, if you want, until, when you do my free salt water cure, you don't experience any soreness at all in your nasal cavity. While you are at it, swallow a couple of mouthfulls and if you get a burning sensation in your chest, then you are killing the Covid/Bronchitis there too, so keep it up, each time you do a salt water snuffle. until the soreness in your head and lungs goes away.

Reuters – what my free salt water cure stops.

He added that “Current vaccines are great at preventing [CO1] serious infection deep in the lungs, but not at blocking infection in the upper airways. What’s needed is a nasal-spray (vaccine) that would stop the coronavirus from taking hold at all.” – what my free salt water cure does and stops.

No soreness when you do it, it feels like you are flushing your head with water, if you get sore reaction, you have a virus so deal with it, exactly as I have described above – did a snuffle today – Me, all OK!!

We all need a cure which works instead of these vaccines, when you get a Coronavirus infection – now you have one.

Do not use saline water bought online, use iodine based kitchen or sea salt, it is the iodine in the salt which kills Coronavirus dead

More to the point, try it on anyone with a Coronavirus infection and see what happens to the virus and how quickly it is killed in the nasal passages of the head. No Coronavirus, no Covid it would otherwise become. – Simple

Keep safe – Richard (smile)

Thanks Richard – I used to do that when I worked in an old factory building doing electrical work. When I came home I would sniff warm salt water up my nose and then blow out all the black soot and dirt. That and Vit C and E and consuming some dairy products daily (dairy produces more mucous – I think welders in one of the Scandinavian countries were encouraged to drink milk every day to help fight the products of welding that can be breathed in). Kept the colds at bay anyway. I think I used sea salt – so maybe iodine in it, never thought about that part. Here in Japan, where I am now, everyone gargles upon waking and upon coming home. Seems to be a good habit.

I've made preparations. I have not nor will I ever be jabbed. It's easier for me since I'm retired with no employer breathing down my neck.

I believe even this report is being generous. The number of deaths may be close to what it claims, but the number of injuries is beyond what is claimed as possible. Since we do not know what will happen to injected people over the next few years, it is highly likely that deaths will exceed injuries at some point in the future.

However, my main point is that we still have no verifiable, well-tested and proven method for detecting any exact covid virus or any mutation. It certainly is not the PCR test and even the criminal CDC admitted this test is useless. So what exact test is being used to determine who does or doesn't have covid-19? Until there is an established standard test for the entire world, there is no covid pandemic.

I submit that people are getting sickness and diseased with many other things and most of them are wrongly labeled as covid in order to create fear and panic and ultimately a rush to get injected with mRNA poisons that will in no way save anyone's life.

Then why are big pharma and the corrupt medical agencies demanding the entire world get injected with this deadly crap? There have been no long term trials because they would surely prove the mRNA nano-particle substances very deadly. The only conclusion is the eradication of humans and the filling of big pharma's, gates's and fauci's pockets.

Basically, "covid" may actually be "something," but it isn't "covid" that causes all the deaths. It is the "covid treatment protocol" that causes the deaths. If your medical treatment isn't designed to help you recover from an illness, you probably won't recover, or if you do, it will be "in spite of" your treatment.

However, if there are enough "labeled deaths" to frighten people into believing "covid" is da

Tom, you're right. It's the treatment protocol that is killing the patients.

Just do not do it, I did, that's all. I was a citizen of the USSR in the past (thank god) so I know a thing: when your government promotes you something, just say no, and if it can be mandatory, so you must run so far and quickly how you can.

It's a general rule of my life.

Now I am an Israeli citizen about of 30+ years and I are 61, but I am ready to leave this state if it will be no change to normal. It's very hard to do immigration at my age, but my freedom is the most important thing in my life and no one can get it from me. So f@@k Israel of today.

Never thought that I would see in my life how Jews killing Jews for Chinese Communist's money.

I just do not understand this stupid world.
